

NEW HOME OF ITALIAN SOCIETY

ITALIAN SOCIETY
BUILDING ITS HOME

Handsomeness Three-Story Club-house to Be Erected at Broad and Allison Streets.

The Italian colony of Richmond is preparing to celebrate with appropriate ceremonies the breaking of ground next Monday for the handsome home of the Italian Beneficial and Social Society, which is to be erected at Broad and Allison Streets, at a cost of \$30,000.

An important meeting of this society, which is the strongest organization of Italians in the city, will be held tonight to arrange details of the program.

The Italian Beneficial and Social Society, organized here on March 14, 1871, has now a membership of about 200 and is all-powerful locally. It is a society which strives primarily for the progress and betterment of the Italians in Richmond and in this country. The organization often sends a dying emigrant back to sunny Italy to enjoy his last days in this world, finances a trip to another city in pursuit of a prospective job, finds occupation for immigrants, and in general looks after the mutual welfare and advancement of the Italians on this side of the water.

The society, which is purely local, is very proud of the fact that at the time of the recent great earthquake in Italy

its fund for sufferers was the second largest sent by organizations of Italians in America. In recognition of this generosity, the society has been presented with a banner. The officers are Louis Corrieri, president; Frank Marchetti, vice-president; J. A. Bertocci, secretary, and E. Magnani, treasurer.

Three-Story Building.—With the exception of the Masonic Temple, the clubhouse of the Italian Beneficial and Social Society is to be the most imposing structure of its kind in the city. The architect, Charles K. Bryant, endeavored to combine under the one roof all the comforts of the ideal club home. The building, which will be three stories high, will have an elaborately carved facade of limestone, elevator, fire escape and stairways.

On the first floor will be a store, occupying two-thirds of the frontage on the street, while one-third will be devoted to an ornamental entrance to the hall. Over this high, carved, limestone archway will be a bust of Christopher Columbus, flanked on either side by the coats-of-arms of Italy and the United States. In raised lettering below the shield will be the memorable date, 1492, on one side, and the year 1913, commemorative of the date of building, on the other.

The second floor will be given over to handsome lodge halls and well-arranged clubrooms. The third floor will contain a banquet hall of impressive proportions, with adjoining lounging and retiring rooms. The dining hall, which is to have a roof in the shape of a graceful ellipse, will be lighted by windows on all four sides and colored glass skylights. It is well ventilated.

OBITUARY

L. W. McDaniel.

[Special to The Times-Dispatch.] Bristol, Va., March 25.—L. W. McDaniel, one of the contractors who erected the buildings of Virginia Intermont College here twenty years ago, died in a hospital at McComb City, Miss., to-day, aged about fifty years. He was prominent in Masonry and an Elk, being a member of King Lodge of Masons here. Brief messages from McComb City to-day indicate that he was unconscious prior to his death and unable to explain where his home was and where he desired to be buried. Members of the Masonic Lodge here are of the impression that his home was either in Amherst or Campbell County, Va., but no definite information could be obtained. The Masons at McComb City are anxious for information, that they may know where to send the body.

Daniel Remine.

[Special to The Times-Dispatch.] Bristol, Va., March 25.—Daniel Remine, wealthy and for forty years superintendent of one Sunday school, that of the Methodist Episcopal Church at Limestone, Tenn., died to-day. He had recently been elected by the school to serve as its superintendent for life.

You Should
Enjoy Your Meals

One of the Most Important Questions
to Consider in the Search for
Happiness and Health.

If your stomach cannot digest your food, what will? Where's the relief? The answer is in Stuart's Dyspepsia Tablets, because, as all stomach troubles arise from indigestion, and because one ingredient of Stuart's Dyspepsia Tablets is able to thoroughly and completely digest 3,000 grains of food, doesn't it stand to reason that these tablets are going to digest all the food and whatever food you put into your stomach?

You Can Eat With the Appetite of a
Lusty Youngster if You Help
Your Stomach.

Science nowadays can digest food without having it enter the stomach at all. And Stuart's Dyspepsia Tablets are the result of this scientific discovery. They digest, and digest thoroughly and well, anything and everything you eat.

The burning question to you is, "Are you getting out of life all the pleasure and the health you are entitled to?" If not, why not?

No matter whether every organ and member of your body is in a sound state of health and strength, if your stomach is in any way disordered, you are not going to be "yourself." You are going to be a worried, out-of-sorts, nervous or sullen individual, whose actions will reflect your condition inside, and people will naturally avoid you.

So, if your stomach refuses to work or can't work, and you suffer from eruptions, blot, rash, fermentation, biliousness, sour stomach, heartburn, irritation, indigestion, or dyspepsia of whatever form, just take one or two of Stuart's Dyspepsia Tablets and see the difference. It doesn't cost you much to prove it. Then you can eat all you want, what you want, whenever you want, if you use those tablets, and you can look the whole world in the face with a bearing eye and a pleasant face, a vigorous body and a clear mind and memory, and everything will look and taste delicious to you. That's life.

this morning in the Odd Fellows' building with a full attendance of officers and of delegates from all sections of the State. The growth of the order has been so rapid that the State was recently made a separate and independent jurisdiction, and this is the first convention of the order in Virginia.

The opening session was public, being devoted to addresses of welcome and response, music, brief talks and social intercourse. Head Consul Charles H. Tumbleson, of Norfolk, called the convention to order and surrendered the chair to District Manager R. E. Mayes to direct the exercises and introduce the speakers. The address of welcome on behalf of the city was delivered by Judge James W. Muller, and that on behalf of the local camps was delivered by Charles H. Godsey. The response was made by State Manager S. B. Latham, of Norfolk. The addresses were in cordial spirit, and were received with hearty commendation by the convention. A number of persons not members of the order were present at the opening session. Some charming selections of music were rendered during the exercises.

Among the outside visitors present and participating was Sovereign Manager T. E. Patterson, of Chattanooga, who attends as the representative of the Sovereign Camp of the United States; Dr. G. H. Schell, national lecturer of order, is expected to-morrow to address the convention. Sovereign Manager Patterson in an address brought greetings to the head camp from the sovereign camp.

The roll of delegates was called and 120 delegates answered to their names. A brief executive session followed the public meeting, at which various committees were appointed. An adjournment was then taken until 2:30 P. M. The officers and delegates marched in a body to the steps of the post-office, where they were photographed.

The afternoon and night sessions were held behind closed doors. An interesting feature of the night session was the presentation and initiation of a class of 142 new members. The degree work was conducted and exemplified by the uniform team of the camp at Port Norfolk, and the work was done in fine style. The team is commanded by Captain J. R. Scott. The head camp is composed of a fine and intelligent body of men. Executive sessions will be held to-morrow morning and afternoon.

To Organize Permanently.—Representatives of the temporary association of real estate men met last night and considered various matters relative to the effecting of a permanent organization. The subject of a constitution and by-laws was fully discussed. The sentiment is unanimous for a strong and active association. A meeting will be held on Thursday night, when definite action will be taken.

Shorter Hours and Increased Pay.—On Saturday last the Machinists' Union presented to the proprietors of the several establishments in this city a paper embodying the request for shorter working hours—that is, for nine hours instead of ten hours as a working day; for an increase in wages from 30 to 34 cents per hour, and for a reduction in the proportion of apprentices employed to the number of journeymen. It appears that none of the employers has given a specific reply to the request. The men have continued at work, with the exception

of those in one establishment, where three men were discharged and their co-workmen walked out in sympathy. The union claims that the three discharged men were those who presented the paper. On behalf of the employers it is claimed that they have made contracts for work based on the present wages and hours of work. It is believed that a compromise will be effected and the men return to work. A young man from Richmond is here directing the local machinists.

Library to Be Used.

When the old Young Men's Christian Association went out of existence and sold its property a few years ago, the several thousands of books in the library were packed and stored away for probable future use and as a nucleus for a greater library. Secretary Welch has determined to put many of those books in circulation among the young people, and for this purpose is having cases and shelves put in his office, wherein to place the books at the disposal of those who may want to read them. Of course, when the new home on Union Street is completed, a fine new library will be one of its attractive features.

Welcome to Pastor.

The Rev. H. H. Martens, the new pastor of Grove Avenue Baptist Church, will be formally welcomed to the city and the church next Sunday afternoon. All the Baptist ministers will be present and participate in the ceremonies, delivering addresses of welcome on behalf of the citizens of Petersburg, on behalf of the Baptists of the city and on behalf of Grove Avenue Church. The Rev. Lewis Moore, D. D., of the First Church, will preside.

Popular Priest Transferred.

The Rev. Father James Gilson, assistant to the Rev. Father O'Farrell, pastor of St. Joseph's Parish, has been transferred to Harper's Ferry, to become pastor of that parish. He expects to enter on his new duties the last of this week. During his short

residence in Petersburg Father Gilson made a host of friends, who will regret his departure from the city.

Road Building in Prince George.

State Highway Commissioner Pettigrew came over to the city to-day and went out to Prince George on an inspection tour of the Jerusalem Plank Road, on which the work of permanent improvement is soon to begin. The money for this improvement is furnished by the State, the county and by citizens of the county and Petersburg. The road is to be improved for about five miles out from this city. It runs through a historic section.

General News Notes.

High Street Methodist Episcopal Church on Sunday contributed \$957 to missions, of which \$350 was given by the Sunday school.

The sawmill owned by John N. Beck, near Butterworth, Dinwiddie County, was destroyed by fire of accidental origin several nights ago.

Petersburg Lodge of Elks will install its newly elected officers to-morrow night. George W. Watson is the new exalted ruler.

Shad are reported to be unusually fine this season, but the catch in James River has been very small, and prices are correspondingly high. The spring run of herring is also backward.

The Men's Bible Class of Washington Street Methodist Episcopal Church will entertain the Young Men's Bible Class of the church Thursday evening in the lecture room. Interesting exercises will mark the occasion.

Captain R. E. Bonz, formerly master of the steamship Hamilton, of the Old Dominion Company, but now on the retired list, passed through the city to-day to visit his married daughter in Richmond. While in Virginia Captain Bonz will visit the burial place of his father and mother, near Point of Rocks, on the Appomattox, in Chesterfield.

Seventy persons were baptized on Sunday at Gilead (colored) Baptist Church—thirty-one females at the morning service and thirty-nine males at night.

Relieves Neuralgia

Sloan's Liniment gives instant relief from neuralgia or sciatica. It goes straight to the painful part—soothes the nerves and stops the pain. It is also good for rheumatism, sore throat, chest pains and sprains. You don't need to rub—it penetrates.

Pains All Gone
Mrs. C. M. DOWDER, of Johannesburg, N. Y., writes:—"I wish to say your Liniment is the best medicine in the world. It has cured me of neuralgia; those pains have all gone and I can truly say your Liniment did cure me."

Pain All Gone
Mr. J. R. SWINGER, of 547 So. 12th St., Louisville, Ky., writes:—"I suffered with quite a severe neuralgic headache for 4 months without any relief. I used your Liniment for two or three nights and I haven't suffered with my head since."
